You can leave a gift of cash or tangible property — other than cash, including jewelry, works of art, real property, buildings, securities or even a vehicle.

These options are available to everyone who wants to leave a parting gift for the benefit of future generations who otherwise may never experience the wonder and joy of a walk in the wilderness, geese in flight or large animals in the wild forest.

Please consider leaving your legacy for conservation of British Columbia's fish, wildlife and habitat... Now and for future generations... even a small legacy of cash or property, when combined with others can make a substantial difference .

Please consider a donation, a memorial gift, or be a part of our Planned Giving program. **You can make a difference!**
